Dear Parents,

The Pandemic attack has pushed the entire society into very difficult times.

Due to the hardship faced by the parents, the school management has decided to provide 10% concession on the fee paid each month. This provision will remain effective up to **31, January 2021**. We request all to co-operate and avail the benefit by **PAYING TWELVE MONTHS FEE BEFORE 31<sup>ST</sup> JANUARY 2021.**

The fee concession for the fee paid already will be adjusted in the following month. Those who have paid already for twelve months should claim refund of the concession at the fee counter by producing fee receipts. Only cheque will be issued for the refund.

We are particularly concerned about the safety and welfare of our students, teachers and parents. Safety precautions are necessary for all when you come to the school.
